# E

## Earbashing

Nagging, non-stop chatter <sup>1)</sup>

## ECU

Electronic Control Unit or (The Brain), computer that controls certain electronic functions

## EGO

Exhaust Gas Oxygen sensor or (Lambda sensor) <sup>2)</sup>

## Electronic Ignition System

[ignition\\_system\\_electronic](#)

## Electronic Sequential Port Fuel Injection (ESPFI)

## EMS

Engine Management System. Computer controlled system that manages the fuel injection system and the ignition system in an integrated fashion. <sup>3)</sup>

## Engine

## Engine Torque

## EP Additive

Lubricant additive that prevents the seizing of the sliding surfaces under extreme pressure conditions.

## Esky

Large insulated food/drink container for picnics, barbecues etc. (Yobbo's often carry an esky full of cold piss when they go to a barbie..oh and some snags or slabs of dead cow) <sup>4)</sup>

## ESPFI

See [Electronic Sequential Port Fuel Injection](#)

## EVAP

Evaporative Emission Control System. A canister that stores gas vapors from the tank in lieu of venting to the atmosphere.
