MOTORCLOTHES[®] & COLLECTIBLES

SPECIFICATION SHEETS

Effective immediately, the MotorClothes and Collectibles department will send two (2) Specification Sheets with every new product. One will have dealer net and retail prices and the other will have no prices. This is being done to fulfill the many requests we have had from dealers who wish to post/show these sheets to their customers. We feel the unpriced version could be a useful sales tool for all of you.
