

# Parts & Accessories Bulletin

PAB #487

November 11, 1991

## 1340 OIL PUMP COMPONENTS

This bulletin is to inform you of the replacement parts that are now available to service oil pumps for 1340 models. In the past, many of the black wrinkle Oil Pump Body and Oil Pump Outer Cover parts were not available for service replacement. With this new, expanded offering, it will no longer be necessary to paint the replacement oil pump parts in order to match the originals.
