WET CLUTCH PLATE KIT FOR K - KH - XL MODELS

A new clutch plate kit is now available for servicing K - KH - XL model clutches. This clutch plate kit is designed to operate in oil and eliminates need for sealing clutch against oil entry.

This kit may be used as an optional clutch servicing method, instead of using original equipment parts as listed in parts catalog.

NOTE: 1957 and later XL - XLH Models, above engine No. 57XL 2400 have a completely sealed clutch and should not require servicing with wet clutch plate kit.

Each kit includes complete installation instructions (sample included with this bulletin). Read instructions carefully before installing.

Order in the regular way -- Part No. 37984-57, Price \$9.00 net.
