

SERVICE NO. 448	BULLETIN ISSUED: SEPTEMBER 22, 1961	M O D E L	DUO- GLIDE	DEALER INFORMATION O PRODUCT C
---------------------------	---	----------------------------------	---------------	--------------------------------------

MOTORCYCLE TIRES (5:00 x 16)

Until further notice, only Goodyear Super Eagle 100 Tires will be installed as original factory equipment, front and rear, on Duo-Glide motorcycles.

Only this tire should be used for replacement on solo motorcycles requiring 5:00 x 16 tires.

To avoid possible excessive irregular wear of front tire tread, front and rear wheels and tires should be transposed at 4,000-5,000 mile intervals.

See Service Bulletin No. 428, issued December 15, 1960.
