## 2006 VRXSE DESTROYER CUSTOMER / DEALER INFORMATION

### General

The purpose of this bulletin is to provide customer / dealer support information on the 2006 VRXSE Destroyer model motorcycle.

Key components for obtaining technical support are as follows:

- Retail customers needing tuning support must provide their motorcycle P.I.N. (product identification number) located on the right side of the steering head tube of the motorcycle.
- Authorized dealers will need to provide the following; dealer name and number, contact name, motorcycle P.I.N., part numbers involved, as well as "Request I.D. Number" if you've contacted Harley-Davidson previously on the same issue.

Requests should be directed as follows:

- **Vance & Hines Motorsports (317) 852-9057, and ask for extension 15, Destroyer Support:**  
Support provided - Retail customer and Harley-Davidson dealer support for tuning and performance related questions, such as: chassis set-up, clutch tuning, Race-Pak data interpretation, or Race Tuner adjustment.
- **Harley-Davidson Technical Service (414) 343-4887, choose the V-Rod menu options:**  
Support provided - Harley-Davidson dealer only support for "out of the crate" functionality issues.
- **Harley-Davidson SPOC (800) 664-7762, choose the P&A option (number 2):**  
Support provided - Harley-Davidson dealer only support for crate shortages and Harley-Davidson supplied service parts information.

#### NOTE:

*Upon delivery, immediately inspect crate contents and compare to inventory list on page 2-9 of Owner's/Service/Set-up Manual (99450-06) included in the crate. Items included on the list will be contained in the crate in three separate boxes.*

*VRXSE Destroyer crate shortages can be claimed ONLY by the original receiving dealer. On crate shortages, receiving dealer is to file a code T (part not included with vehicle) RMA, and parts will be shipped to dealer directly from the manufacturing facility.*

*Some of the race specific service parts for VRXSE are available from corresponding suppliers. These suppliers should be contacted directly for any service parts needs. For all Harley-Davidson supplied service part requirements, dealers should place their order electronically with Harley-Davidson.*

*Please reference page 3.1 of the VRXSE Service Manual (99450-06) for the list of components, suppliers and phone numbers.*

#### IMPORTANT NOTE

In the interest of preserving customer safety and satisfaction, always check for outstanding recalls whenever any motorcycle is brought into your dealership for either maintenance or service.
