

Use oil pump (Part No. 62400182 or 62400178) for Stage III and IV kit that are exhibiting sumping.

Dealers should not return inventory of (Part No. 62400143 and 62400146) as defective stock, if there is no damage to the pump.

Extra information

1. The instruction sheet for Screamin' Eagle Stage III and Stage IV kits will be updated with a requirement to install a new oil pump assembly (Part No. 62400182 or 62400178).
2. When installing a Screamin' Eagle Stage III or Stage IV kit on a MY2017 Milwaukee-Eight equipped motorcycle, a new pump assembly is required, which can be ordered through the regular part ordering process.
3. New oil pumps installed for new Stage III and Stage IV kit installations will be reimbursed at cost.
4. Current inventory of oil pumps (both oil cooled and Twin-Cooled™) can be used as replacement for any concern (not sumping related), as needed.

For example: Debris in oil, wrong oil pump for engine (oil vs water), gerotor cracks, etc.
