[illegible]

Softail Platform

See Figure 3. To identify the **new** fuel tanks for Softail platform, the fuel tank cup (2) will no longer be equipped with upper vents (3) or a ring (1).

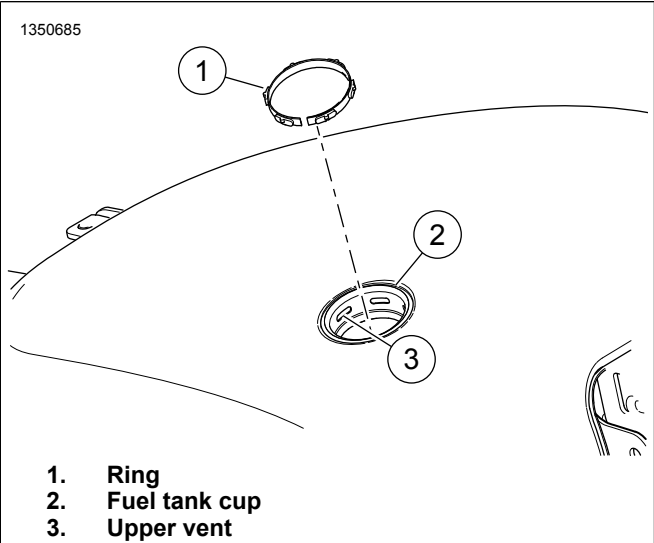

Figure 3. Previous Softail Fuel Tank

See Figure 4. On the 2018 and 2019 Softail platform fuel tank (1) Harley-Davidson is changing the screws (2). The previous screws can not be used on the **new** fuel tank due to the new sizing of the screws. The **new** screws (Part No. 10500167) can only be used on the **new** fuel tank. Refer to Table 2.

The **new** screws (Part No. 10500167) has updated torque values.

14.9–17.6 N·m (11–13 ft-lbs)

Table 2. Screw

Part No.	Item Description	Qty
10500098 (Previous)	Screw	2
10500167 (New)		3

Markets Affected

All markets are affected.

Warranty

For vehicles or P&A fuel tanks within their factory warranty period only:

- In the event a fuel tank needs to be replaced for a warranty concern, Harley-Davidson will cover the associated updated P&A fuel cap only if the fuel cap is registered to the VIN (Vehicle identification number) as part of the Custom Coverage program or is within the over-the-counter warranty period.
