

## **Buell Speed Sensor**

Buell Motorcycle Company has issued a new Vehicle Speed Sensor (VSS) "Kit" Part number Y0199.K.

The kit fits all 1999 and later tube frame Buell motorcycles equipped with electronic speedometers., and all 2003 XB9R models.

The kit provides instructions and required parts to re-wire the existing VSS circuit to a 5vdc filtered power supply.

The kit will include a new Speed sensor, and should be used whenever the VSS requires service or replacement.

Please make your parts department aware of this kit, and note the changes to the part numbers listed in all effected models parts catalogs. Please note these changes in both the service and parts department parts catalogs.
