## **Repair Kits for Adjustable Rider Backrest Seats**

The following repair kits are not listed in a P&A catalog so you may want to print this for your Parts Department staff.

### Release Handle Assembly, part number 52553-03

Use this kit if the oval bezel is cracked on:  
1997 and later Touring models.  
1994-2003 Sportster models.  
1996-2003 Dyna models.  
2000 and later Softail models (except Duece).

### Touring Release Handle and Cable Assembly, part number 52479-01A

Use this kit if the cable end has pulled off at the backrest mounting bracket on:  
1997 and later Touring models.

### Backrest Pivot Assembly, part number 53047-01

Use this kit if the pivot assembly is deformed from improperly positioning the backrest on:  
1997 and later Touring models.

### Softail Release Handle and Cable Assembly, part number 52414-98A

Use this kit if the cable assembly has pulled out or broken off at the internal backrest mounting bracket on:  
2000 and later Softail models.

If you have a question about which of the above kits to use you can access a detailed instruction sheet for each kit on h-dnet.
