

### 2006 FLHTCUSE "CVO" Tour-Pak Lock

The lock used on the 2006 FLHTCUSE "CVO" tour-pak is unique to this model. When you put the key in the lock you turn it approximately 1/8<sup>th</sup> of a turn to the left and then back to the neutral position to lock. To unlock, turn it approximately 1/8<sup>th</sup> turn to the right and then back to the neutral position. Please share this information with your sales personnel and customers. The pictures below will show this.
