

2008 Service Manual Drafts Available on H-DNET.COM

If you are looking for 2008 Service Manuals, be aware that there are currently draft copies available on h-dnet.com on the Service page. The complete versions will be available on DTII and will be shipped once they are completed in the near future. In the meantime, please make sure all of your Service Dept. Staff are aware of the location of these manuals.
