REV. 7-23-98

Kit Number 69528-98

## HORN COVER

### General

This kit fits 1992 and later models with a horn mounted between the cylinder heads.

#### Kit Contents:

- 1 Chrome cover
- 1 Mounting bracket
- 1 Standoff stud
- 1 Chrome 5/16 flat washer
- 1 Chrome 5/16 lockwasher
- 1 Chrome 5/16-18 acorn nut
- 1 Plastic washer (XL only)
- 1 Cable strap

### Installation

1. For installation on **Softail and Touring model motorcycles**, see **Figure**. Install Chrome cover and mounting bracket with hardware as shown. The horn will mount behind the bracket in location B.

For installation on **Sportster model motorcycles**, see **Figure**. Install Chrome cover and mounting bracket with hardware as shown. The horn will mount in front of the bracket on Sportster models in location A.

2. Secure horn wires to mounting bracket with cable strap to prevent pinching of wires.

#### CAUTION

Be careful not to pinch horn wires, or damage to horn may occur.
