

INSTRUCTIONS

-J01526

REV. 5-4-99

Kit Numbers 44098-99 and 44099-99

CALIPER INSERTS

General

Kit 44099-99 fits 1-3/8" round front brake inserts.

Kit 44098-99 fits 1-3/4" round rear brake inserts.

NOTE

There are no Service Parts available with this kit.

Installation

NOTE

Leave stock caliper insert in place and install accessory equipment.

1. The caliper should be clean, and free of oil and grease. Use a soft cloth dampened with rubbing alcohol to clean off the caliper, where the insert is to be installed.
2. Peel the adhesive backing off of the insert.
3. Carefully position and place insert in the round counterbore, in the caliper.
