

Boom! Box Audio System - Out of Warranty Repair Process

Purpose:

Inform dealers of the out of warranty repair process for Boom! Box Audio System components.

Process:

In the event of a component failure after the warranty period has expired, or in the case of physical damage, please use the following process to obtain a refurbished component.

1. Dealership troubleshoots the defective component
2. Dealership determines if the component is physically damaged (**failures due to abuse, misuse, accident, or unauthorized alterations or repairs**) **Note the cost difference**
3. Dealership orders the replacement part from Communications Test Design, Inc. via the following website: <http://harmanservice.ctdi.com/harleydavidson>
4. CTDI sends a refurbished component back to dealership
5. Dealer returns the defective component to CTDI

Shipping Address:

CTDI
610 Bridgestone Parkway
Lebanon, TN 37090

Payment Method:

Credit Card payment will be made through the above website.

Payment Table:
